ABOUT ME

I am a passionate Web Designer and Front-End Developer who is continuously striving to improve my skills in web programming and design. Although my knowledge is still developing, I consistently give my best effort to learn and enhance my capabilities. I enjoy exploring different aspects of web design and development, and I am eager to expand my expertise, including back-end technologies.

EXPERIENCE

I have experience working on various school projects, such as creating websites, and I actively participate in IT seminars to broaden my knowledge. Through these seminars, I have earned multiple certificates, reflecting my commitment to continuous learning and growth in the field of information technology.
